Claim Related Rent

A market valuation of the specific property occupied by the Housing Benefit claimant, carried out by the Independent Rent Officer. The CRR is used for the following purposes:

- In Category 1 exempt accommodation it affects the amount of subsidy paid by the government to fund the Housing Benefit payments made by the local authority
- In other cases it provides a limit on the amount of Housing Benefit that can be paid - the claimant can only receive the lesser of the CRR and the Local Reference Rent

A CRR is only set for the following types of accommodation:

- Conventional private tenancies where the claimant has been getting HB for the same home since 2008
- Unconventional privately rented accommodation (including accommodation in the voluntary and charitable sectors):
 - Caravans
 - Boats
 - Hostels
 - Accommodation where the rent includes a substantial amount for meals prepared and served ("board and attendance")
- Rarely, a registered housing association tenancy where the local authority considers that the rent charged for the dwelling is unreasonably high
